Re: Controller General Delegate
Date: January 24, 2007

During the 143rd General Assembly, House Bill # 6 enacted the Electric Utility Retail Customer Supply Act of 2006. This Act requires a joint effort between the Public Service Commission, Department of Natural Resources and Environmental Control, Office of Management and Budget and the Controller General's Office.

As we continue through the process of reviewing Delmarva Power's Integrated Resource Plan and the Request for Proposal's for new generation in Delaware I am officially designating Jennifer Cohan, Senior Legislative Analyst as my delegate to the Commission.

The relationship between the four named agencies in this endeavor will be both challenging and educational for all parties involved. We look forward to this partnership and assisting the commission and other agencies as we progress towards fulfilling the intentions of this very important legislation.
